In some ways passing by this would be just another school, but for us this school holds a lifetime of memories. The times of joy, sadness, love, laughter, and rejoicing will be forever in our minds. Remember the teachers, classes, homework, tests, and studying. Remember also the study halls, lunches, football games, the prom, and most of all our friends. Now we must leave this school behind but in our hearts and minds these memories will remain.

As we look back at the Administration building, we recall the memories of running errands for our teachers and taking the long way back to class. We remember taking our working papers over on the last of our school days. As we look back on the Administration building, we think of all the time and effort that was put into our education.

For the departing seniors, the cafeteria will be remembered for many reasons. Who could ever forget the overcrowded lunch periods and waiting in those long lines? It will be a long time before the memories of studying the pluses on the ceiling and the butter on the floor are forgotten. Goodbye cafeteria, long may you serve.

Remember the junior high school where all of our ideas for the future started. Remember the new responsibility being a student council member. Remember the first month, and the dinner dance when we finally reached ninth grade. Remember how slowly those junior high school days passed when suddenly we woke up one morning and realized we were seniors.

These halls quiet and deserted? You've got to be kidding. What happened to the rushing students, the teachers waiting for the last student to get to class, and the choruses of "hello" you hear everywhere? Where did the business hall traffic jam and the slamming of locker doors after a hard test go? For seniors, these halls hold these memories and many more which will linger long after the last school bell has rung.

Remember going to your locker only to find you don't remember your combination? And who could forget racing to class in order to be on time so you didn't get minus two-five, and the horrible smell the halls would have after chem labs? How many times did you walk the halls during most of homeroom period and then tell your teacher that your bus came in late? Looking back, it seems that the first day of senior high was so long ago, and yet, we have managed to come to the end of our three years, only to wish we could start all over

Remember the first time you were allowed to drive to school? It was so exhilarating to park in the parking lot instead of stepping off the school bus. Do you recall the first time your license number was announced over the loudspeaker because your lights were on? How big the parking lot seemed after football, musical, or basketball practice when you realized that you had to cross it to get to your car. Derry Senior High parking lot is just one parking lot leading to a road of many more.

The math lab is a sign of how students at Derry Area feel about their fellow classmates. Each semester, students of higher level mathematics would devote their study hall time to students who may be having trouble in math. Many algebraic equations, word problems, and theorems have been discussed in the math lab, but the underlying feeling of helping one another is far more valuable and worthy. It is something that Derry students do so well, and will remember long after mathematics 101 has been forgotten.

Remember the library. It has been a place for quiet thoughts and special memories. The library holds a world of knowledge in a few books, and for the past 12 years it was our job to learn them. Always remember the many frustrating hours searching for the right source for your research paper. And who could forget the countless fines that were paid on all those books? You could always count on a safe escape in the library when the thought of study hall was too much to bear. Most of all, the library makes us realize how much we have yet to learn.

Through the years, our high school stadium has been a meeting place for all the Trojan football fans. Every Friday night in the fall, the stadium fills with cheering fans displaying their school spirit. As the cheers of the fans echo through our minds, may we always remember the winning seasons that we've had, few that they may be.

Remember all those exciting labs we've been through. The "accidental" explosions in Chemistry, and the horrible way they always happened. And standing for the first time in the lab. Dissecting those big, white rats in Biology and then they held a strong resemblance to our lunch. Taking one final empty room, we realize how full of memories and experiences it will always be.

Here lies another view of our school. The view that we've seen so many times before from the business rooms and while sitting in science class. It's hard to realize that we will no longer see this view daily and that others will fill our spaces. Even so, we realize that we have new spaces to fill and that this is a beginning to our future.

The gym looks rather silent now but throughout the past years it has been filled with enthusiastic voices of the student body. Remember the wonderful assemblies (wonderful because we got out of our classes), the basketball games, the volleyball games, and the dances. And how could anyone ever forget the endless periods in gym class striving to become more physically fit!

Who could forget our new tennis courts? because of them many new experiences were available to us. Who could forget going out in the cold spring mornings to play tennis because the gym teachers said law is cannot come in. Or who could forget hitting the ball over that very high fence then having to chase it. I remember staying after school to play a friendly game of tennis trying to win but realizing that it's not life that counts.

It's all over

Now separated
from our crowds to
stand alone

Our future is on
the horizon

School days are
over, but not for-
gotten

ACTIVITIES

Seated: Todd Urick, **Monogram Club President**; James Ebert, **FFA President**. Standing: Beth Petro, **AFS President**; Colleen Everett, **FBLA President**; Jamie Boyer, **Choir President**.

Fred Maljan, a senior at Derry, spent part of his summer with the Gerardo Martinez Garza family in Monterrey Nuevo Leon, Mexico. He filled his summer in Mexico by reading, swimming, camping, and partying with his Mexican family and friends. Fred was impressed with Mexico and found their culture and food exciting. The people he met were friendly and very knowledgeable of American customs. Fred plans to return to Mexico for several years upon his graduation from college.

This year at Derry we were fortunate enough to host Jayne Lonedale, a foreign exchange student from Kinsbridge, Devon, England. Jayne arrived in Derry in July of 1981 and has lived with Karen Slade and her family. In England, classes are one hour long, with one hour and ten minutes for lunch. Students in England must wear school uniforms. Since being in Derry, Jayne has taken a liking to wooden frame houses, the trees on the ridge, and the students at Derry. She says that the students here are more enthusiastic about school activities than her classmates in England. Jayne likes to spend her time playing the piano and a game called netball. Upon her return to England, she plans to attend college with hopes of becoming a Chiropodist.

Pam Taylor, a senior at Derry, spent five weeks of her 1981 summer in Wolfsburg, West Germany. Pam stayed with the Nachbar family where she had a younger sister named Iris. Pam noticed both differences and similarities between life in Germany and life in the United States. One difference is the school system. In Germany, you must attend school for 13 years, and you must find your own transportation to school. Also, not every school day is the same length. One day you may have nine classes and the next day you may have only four. One similarity to American life is that the Germans enjoy many of the same rock groups we do and have many discos. Pam plans to attend the University of Pittsburgh where she hopes to study communications and public relations.

Mary Nelson, a junior at Derry, visited Wolfsburg, West Germany during this past summer. Wolfsburg is a small town in the northeastern part of West Germany. Mary stayed with the Siebert family where she had two sisters and two brothers. Mary experienced many differences in school life in Wolfsburg. She went to school by bicycle at 8:00 A.M. and school ended by noon. Also, there were only academic classes offered at her school, no elective courses were available. Mary noted that people in Germany were very friendly and always willing to help one another.

Julie Long, a senior at Derry, spent a year abroad in Kamo-Gun, Hiroshima, Japan. She lived with Mr. and Mrs. Naoe Aida, their daughters, and their grandparents. In Japan, students are expected to arrive early to classes to clean the rooms and they must wear school uniforms. Each day, school starts at 7:30 and ends around 5:00. All of Julie's classes were taught in Japanese except one. While in Japan, Julie rode on the Bullet Train, saw Mount Fuji, and swam in the Pacific Ocean. Julie plans to attend college and study an internationally-oriented career.

CANDIDS

Another exciting day of mathematics. Boomer and John working hard. Dr. Shirley participating in Baccalaureate. Smile for the camera Diane. The proud mother of our great Student Council President looks on. Concentrate guys. Our cheerleaders in action. When Mr. Cignetto talks, students listen! Bob reflects on a new Physics formula. The exciting pep assembly brings the crowd to its feet. Frank displays his antlers. What are you looking for, Janice! Look here Danna. Come on, kiss me! I got the signal. $2+2$ is what?! A tough rehearsal of M*A*S*H. Mrs. Lynch checks homework. Posing pretty for the camera. Keep your eyes on your own paper!

SPORTS HONORS

Jenny Miron placed second in the W P I A L. Section III Singles tennis tournament at Mt. Lebanon. Beth Pavlik and Jenny Miron also claimed a second place finish in the W P I A L. Section III Doubles tournament competition.

Two Derry seniors were selected for the 1981 Keystone Conference All-Star Football Team. Todd Urick was named as a halfback and safety, and John Shumaker was chosen to play guard and linebacker.

Three outstanding wrestlers claimed top titles in area wrestling competitions. Rich Hudock claimed the top title in the California State Tournament and the Westmoreland County Coaches Tournament. Two other wrestlers, Bobby Ray and Rich Kubistek (missing from photo) also claimed first place finishes in their respective classes in the Westmoreland County Coaches Tournament.

There were two outstanding individual performances from the golf team this year. Rich Dell played in the W.P.I.A.L. championships at the Pittsburgh Field Club while Crystal DiMinno qualified to play in the girls' state tournament.

We would like to take this opportunity to thank all of the special people who helped to make this yearbook possible. First of all we thank Mrs. Werner for all of her help and support. Mr. Pinto, our sales representative from Josten's, for his advice and patience, and DeGard's Studio for all the extra work they did for us. Our editors were responsible for countless things throughout the year and we extend our deepest thanks to Rich, Pat, Sue, Rhonda, Josie, and our photographer, Chris. Finally, we sincerely thank our staff members: Todd, Heidi, Jane, Keli, Mike, Lisa, Jacque, Julie, Sandy, Margie, and Paul.

To the classes of 1983 and 1984, we wish the same years of involvement and friendships that we've experienced in high school. To the graduating class of 1982, we wish a future full of success and happiness. Years from now as you turn the pages of this yearbook, we hope your fondest memories are recaptured.

Sincerely,

Karen L. Lashway
